

KCAA RADIO is a successful, independently owned “stand alone” AM-FM News-Talk Station serving the Inland Empire Region of Southern California. The station is currently broadcasting on 1050 AM, 106.5 FM and 102.3 FM. Listeners can enjoy KCAA’s excellent line up of programs on all three stations. Recently, the station upgraded all broadband connections and added new audio delivery systems to the transmitters, specifically MP4 AAC 128k digital Comrex Access units which produce perfect FM Radio and almost FM quality audio on AM receivers. The station uses refurbished analog Optimod audio processing which produces a sound that is second to none. KCAA’s AM and FM signals exhibit more “dial presence” and range than competing stations with similar and higher power. Listeners notice the richer and fuller sound of KCAA.

KCAA is the regional affiliate for NBC News, CNBC Business News and NBC Sports News. This unusual triple affiliation reflects the broad diversity and range of the station’s format.

KCAA has earned the reputation as the GO-TO radio station for local programming. Our station produces and distributes more than 50 local and regional talk and music programs each week on subjects ranging from business and entertainment to liberal and conservative political talk to vegan diets, organic farming and the transition to marijuana legalization. KCAA also airs the top syndicated broadcasters of talk radio including Dave Ramsey, Del Walmsley, Don IMUS, Gary Garver, Joyce Riley, Thom Hartmann, Stephanie Miller, Joe Messina, Ray Lucia and the classic rock and roll shows produced 50 years ago by the greatest DJ of them all... “Wolfman Jack”.

KCAA’s daytime signal on 1050 AM reaches over five million people. The combined reach of both FM’s provide listeners with three listening options. The station’s Internet system has reached 190 countries. The stations massive archive of podcasts reaches back for more than a decade with over 400 shows in active status. The system receives over 300,000 hours of downloads each month. The stations primary website (www.kcaaradio.com) is doubling its reach every six months. It might be said that **“THE SUN NEVER SETS ON KCAA”**
