Connie Saunders

Welcome to the Foreclosure Freedom Network Show! This is Connie Saunders. I'm a licensed California Realtor and Certified Loss Mitigation Consultant and have been in the Mortgage industry for twenty years.

From the beginning I have worked to foster means of implementing workouts and solutions to industry problems and began Foreclosure Freedom Network back in 2007 just as the Crisis began to unfold.

You can contact Foreclosure Freedom Network by dialing (877) 333-4506. You are also welcome to go to our website at www.ForeclosureFreedomNetwork.com where lots of information is available for the homeowner's assistance.

No one wants their credit to be trashed and I have compiled successful actions that can be done by anyone to help them to keep their credit from

going into the toilet, or help to get it recovered as soon as possible.

Hundreds of thousands of Californian homeowners are in foreclosure at this time with foreclosure activity increasing in January with 9.5 percent increases in the notices Default and 10.3 percent increases in Notices of Trustee Sale. We've definitely seen this in our office with lenders who had been accommodating on Short Sales or Loan Modifications, some having put the Foreclosure Sale on hold for many months suddenly deciding to take an about face and go to sale with little or no final notice. So keep in mind guys, that if you have been ever issued a Notice of Sale, the lender does not need to reissue this to change their minds and go to Sale.

My advice to anyone in trouble on their home is to act now, not to wait for the last possible minute, because that may end up being too late. But act smart and go for principal reduction!

Tune in Friday's from 4-5PM!

Jump aboard with Jay Boatman!

Crista & Jay

What do you get when you combine Dr. Laura, Larry King, and have some fun with the evening news? No it's not Jay Leno – it's Jay Boatman! The Jay Boatman Show, KCAA's newest talk radio show hit the airwaves on February 13th. And despite

the show's short term run through April 24th, its' host seeks to make it strong.

"I want listeners to think of 'Jay' as the talking head on anything from politics to relationships to how to manage their careers", says Jay. "There is no topic that I shy away from and with my co-host Crista Curtis – we're bringing a new form of talk to the I.E.". His career at KCAA started in 2006 as announcer and occasional guest host of "The Many Moods of Vince Daniels." He continues today as a regular on Vinnie's "DNA Radio Show" contributing hard news and political features.

According to Jay, he's thrilled to join the team at KCAA.

"It's been a lot of fun to be a part of this station and to work alongside Vince Daniels all of these years. Now I'm overwhelmed with excitement at the opportunity to host my own weekly talk show".

Jay is the director of career services and a career counselor for a private university in southern California. He holds a Bachelor's degree in Organizational Communication from CSUF and a Master's degree in Sport Management from Cal State Long Beach.

"I have a passion for education and careers", comments Jay. "I spend a lot of my professional career helping others and speaking to groups about career development. Folks know my no nonsense approach to life – now our listeners will too".

Listen to Jay and Crista on Saturday mornings from 10 to noon on KCAA 1050 AM.

The CEO Report With Fred Lundgren

My goodness, the coffee must be kicking in because I just thought of a new slogan for KCAA! Allow me to try it out on you...

CONCENTRATE...Paul Lane is after me to get this Monthly CEO Newsletter report finished. GREAT COFFEE... HERE COMES THE ALPHA WAVES AGAIN...

worry about anything unless it will effect your life 5 years from now.

Act the way you want to be and eventually, you will be the way you act.

To succeed in business or in life, you must take bad situations that confront you and, without hurting anyone, turn the bad situation to your advantage. Therefore, our success or failure is not defined by our situation, but how we react to our situation.

Don't worry about the mule, just load the wagon.

Nothing good happens until we say yes to each other and, that applies to everything from making babies to selling advertising.

Peace,

Fred Lundgren,
 CEO

Fred Lundgren

KCAA 1050 AM... Southern California's First Amendment Factory"

It may be an original and, it might make us sound as strong as the coffee I'm drinking. Maybe it should start out as a KCAA liner...

All said, "Happy days are not yet here again; the skies are not fully bright and clear again; we can't sign a song of cheer again but... (you make up the ending because I can't think of a parody that rimes). Where is Weird Al when you need him?"

By Golly, I think we will try it...I may have out-done myself...**Make it so, Number One.**

Another cup of coffee my love?

"Get it yourself, I'm just as busy as you are...and I have my own business to run!

In fact darling... Get me a cup of coffee...I'm your wife, not your servant!"

...YES DEAR.....OOOPS, man wrong!

"Insert more Take Five music here UH-OH...Too late, another caffeine crash..."

Linda, please get me another cup of coffee!

I'm on a roll here! *Insert Take Five music*

Too late, I'm crashing.

January and February of 2010 were tough months around KCAA and, around the Lundgren home.

However, March of 2010 appears to be better than March of 2009.

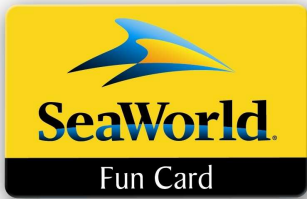

KCAA's **total** monthly billing, local spot load and total hours of local programming are on the upswing. Certainly, billings are far below the old pre-recession days.

I actually drew a full \$100.00 in salary last month. WOW!

Thank you dear wife for the coffee. NOW, I MUST

Seriously again, the old wise men in my life told me told me several things that have guided me over the years and their wisdom should be shared with you as we all navigate through this protracted recession

Don't worry about anything you can't control and don't

The Karaoke Show With Mike Melendez

You sing in the shower, you sing in the car, but you will not sing in karaoke bar.

Everyone loves Karaoke, but some people rather listen than participate.

Karaoke is a fun way to express yourself, but it can stir up nerves when you have eyeballs watching your every move. We have the solution—karaoke on the radio. An hour every Sunday night on KCAA radio at six is dedicated to karaoke.

Request a song or sing one yourself. Remember singers are heard and not seen on this show so there's no need to picture the audience in their undies. In fact you won't have to picture an audience at all. Create your own audience with your voice.

The Karaoke Show hosted and produced by Mike Melendez airs on KCAA 1050AM and streams worldwide on KCAARadio.com. Voices will be heard. KCAA radio has major coverage in the Riverside and San Bernardino area.

The Karaoke Show is a combination of fun music and listener interaction.

Mike Melendez is the star of television and radio shows that include: the "Race Results" radio show, "Feature Race Calls," "Los Alamitos Replay" TV show, "World of Racing" radio show, "Prep High School Scoreboard," and "Santa Fe Springs Update" TV show. To participate karaoke singers need to register by calling Melendez at 562-450-6936. The number is also available for details about the show, times and locations. Don't forget to tune in on AM1050 every Sunday at six. Listen to the Karaoke Show on KCAARadio.com and you can also view the show from our webcam.
